TASKING

# LIVE FEASIBILITY ANALYSIS

Reliable data, faster decisions – No other satellite tasking platform offers such a comprehensive and precise feasibility analysis.

More than a simple display of physical satellite access, the patented EUSI Live Feasibility Tool analyses **75+ factors** including:

**WEATHER  
FACTOR**

**RISK  
FACTOR**

**ORDER  
CONFLICTS**

**ORBITAL  
MECHANICS**

**Flexible Payment  
Solutions**

**WHY CHOOSE  
ATOM?**

**Advanced User and  
Admin Controls**

**Customisable  
Production & Delivery**

**Project & Workflow  
Management**

**Future-Ready Data  
Integrations**
